Objective of crossy road: The objective is to cross a series of roads, rivers, and other obstacles without getting hit or falling off the screen. The player controls a character that must navigate through the hazards to progress. Movement: The player can move the character in four directions - up, down, left, and right. Obstacles: [crossy road](#) features various obstacles the player must avoid, including: - Cars and trucks moving across the roads - Trains moving across railroad tracks - Rivers with logs and other floating platforms - Gaps and holes in the terrain
