Zdravím, rád bych pořídil čtyřkolku, ale tápu úplně ve všem. Převážně by měla sloužit jako pracovní "tahač" přívěsu kolem zahrady a lesa. Samozřejmě pak také na vyblbnutí. Poradíte značku, kubatůru? (o čířanech zatím ani neuvažuji). Díky za tipy

zajed' do Jindřiše čp 11 za p. Dvořákem máš to kousek ... on ti poradí dobře
[JerryY_CZ 08.09.2021 19:27:54](#)

no nevím. představuji si něco, co bude "navěky"....asi nejspíše po dnešním bádání Can am...ted' ale tu kubaturu...

ještě řeším jestli má cenu MAX...je to velký rozdíl pro práci?...blbnout většinou stejně pojedu sám

JerryY_CZ> Výhody verze Max jsou bych řekl pro tebe bezpředmětné.

Jedině Démon je správná volba.

Zdravím, rád bych koupil 4-kolku, ale tápu, rád bych něco s objemem cca 700ccm a více. Koukám po Cf moto X8, stels 850, Kymco MXU 700i 4x4 nebo Suzuki King Quad 700 , nemusí být nová ale rád bych jezdil ne trávil většinu času v servisu. Převážně bude využívána pro jízdu po silnici a výlety po horách.
[mariodevil 20.06.2022 05:42:24](#)

Na dostupnost dílů a servis X8, na výdrž KQ.
[paul44 20.06.2022 13:21:09](#)

Blázen> Jako dlouholetý majitel X8,na které mám už najeto 25t km ke vší spokojenosti, bych doporučil Céefko.Ale ted' to už jsou 850sátky(označením).Ty už mají jinou stavbu motoru ,ji podvozku.A můžu říct že jsou lepší jako staré x8.Ale je to na

tobě,co zvolíš.Každý by si měl nějakým tím vývojem projít,ať ví,zač je toho loket!!
:lol:A až pojedem zas na Vochtánku do Potštejna,tak to můžem probrat podrobnějc.
:-DD :-D

When looking for a four-wheeled ATV (All-Terrain Vehicle) that can serve as a reliable "workhorse" for tasks like towing trailers in gardens and forests, while also being capable of some fun and adventurous rides, here are a few reputable brands and models to consider: ### 1. **Honda** - **Model**: Honda FourTrax Rancher or Honda Foreman - **Why**: Honda is known for its durability, reliability, and low maintenance. The Rancher and Foreman series are excellent for both work and recreation, with strong engines, good towing capacity, and a reputation for longevity. ### 2. **Yamaha** - **Model**: Yamaha Grizzly or Yamaha Kodiak - **Why**: Yamaha ATVs are versatile and well-suited for heavy-duty tasks. The Grizzly and Kodiak models offer powerful engines, excellent suspension, and advanced features like power steering, making them great for both work and play. ### 3. **Can-Am** - **Model**: Can-Am Outlander - **Why**: Can-Am is known for its high-performance ATVs. The Outlander series is powerful, with excellent towing capabilities and advanced suspension systems, making it ideal for tough terrains and heavy workloads. ### 4. **Polaris** - **Model**: Polaris Sportsman - **Why**: Polaris ATVs are highly versatile and offer a range of models suitable for both work and recreation. The Sportsman series is particularly popular for its durability, towing capacity, and comfort. ### 5. **Kawasaki** - **Model**: Kawasaki Brute Force - **Why**: Kawasaki ATVs are known for their ruggedness and reliability. The Brute Force series is designed for heavy-duty tasks and offers strong performance in challenging environments. ### Key Features to Look For: - **Engine Power**: Look for an ATV with at least 400cc for towing and heavy-duty tasks. - **Towing Capacity**: Ensure the ATV has a towing capacity that meets your needs (usually 1,000 lbs or more). - **4x4 Capability**: Essential for navigating rough terrains like forests. - **Durability**: Choose a model with a robust build quality to withstand heavy use. - **Comfort**: Features like power steering, comfortable seating, and good suspension will make long work sessions or rides more enjoyable. If you're looking for a balance between work and recreation, the **Honda FourTrax Rancher** or **Yamaha Grizzly** are excellent choices. Both brands are known for their reliability, performance, and versatility, making them ideal for your needs. Make sure to test drive a few models and consider your specific requirements before making a decision! <https://30minutetimer.net>

Thank you for sharing such an insightful post! Your ideas on productivity and time management are truly inspiring and well-articulated. Speaking of efficiency, I've found that using focused timer tools can make a big difference in daily tasks. By the way, I run a website called 5 minute timer , which helps people break their work into short, manageable intervals. It's simple, free, and really effective. Your post reminded me how small steps lead to great results—thanks again for the motivation!
