všiml jsem si, že se tu řeší převážně technický software a CAD nástroje, ale dovolím si trochu odbočit k tématu, které mě osobně teď docela zajímá. Když už jsem hledal nějaké nové nástroje, narazil jsem na diskuse o online zábavě a kasinech, což je pro mě úplně nový svět, a tak jsem se začal pít po informacích. Zajímalo by mě, jestli máte někdo zkušenosti s platformami, které přijímají platby v CZK a jsou přístupné i od nás. Sám jsem narazil na docela užitečný přehled, kde byly jasně popsány podmínky, limity výběrů a hlavně podporované měny, což mi pomohlo se v tom zorientovat. Ten článek byl na stránce, která se věnuje recenzím a detailním podmínkám, a našel jsem ho, když jsem hledal informace o platformách, které berou hráče z České republiky bez zbytečných komplikací. Konkrétně mě zaujalo, že některé weby mají interní měnu v eurech, ale umožňují vklady a vedení účtu i v korunách, což je pro nás docela praktické. Když jsem to porovnával, tak například na <https://baxterbet.cz/> mají přehledně popsané, jaké jsou tam limity pro výběry a jak to chodí s ověřováním, což mi přišlo docela transparentní.
